

A Weekly Nonviolent Presence Since 1996
EVERY WEDNESDAY FROM 7 - 8 AM

Alliant Techsystems (ATK) is the largest Minnesota based military contractor with corporate headquarters located in Eden Prairie. The decisions are made here to design and produce **cluster bombs, landmines, depleted uranium munitions** and the **rocket motors** for the first strike Trident II nuclear missile. They market their products through 60 international sales offices. ATK represents a bloated military budget. Disregard for International Law. Violent solutions to complex problems. And corporate domination.

Join other justice and peace groups and supportive individuals every **Wednesday morning, regardless of weather, from 7 to 8 AM at 7480 Flying Cloud Drive, Eden Prairie**

Networking continues at breakfast. All are welcome.

WHO PROFITS? WHO DIES?
